

Clark County Public Library Seed Library Membership Record

The Clark County Public Library's Seed Library has been established with the goal of strengthening our local community of gardeners and eaters by sharing biodiverse, locally adapted seeds. The seed library operates on the honor system to maintain a well-stocked collection of pure, healthy, viable seeds for the community to use. When you fill out this form and check out seeds, you automatically become a member of the seed library.

We encourage all members to learn basic seed-saving techniques. At this time the library cannot accept donations of saved seed. If you would still like to support the seed library, please donate a packet or two of fresh, commercially grown, open-pollinated seed to help keep our library stocked.

Member Information

Name: _____

Email Address: _____ Phone Number (optional): _____

Would you like to be contacted about seed swaps, classes etc.? Yes: ____ No: ____

How much seed saving knowledge/experience do you have? None: ____ Some: ____ Lots: ____

How much gardening experience do you have? None: ____ Some: ____ Lots: ____

The Safe Seed Pledge

Agriculture and seeds provide the basis upon which our lives depend. We must protect this foundation as a safe and genetically stable source for future generations. For the benefit of all farmers, gardeners, and consumers who want an alternative, I promise that I do not knowingly buy, grow, share, or trade genetically engineered ("GMO") seeds or plants.

Additionally, as a member of the Clark County Public Library Seed Library, I promise to grow plants and save seeds according to best practices to ensure that I save viable seed that will produce plants true to the variety I label them to be.
